FAST FACTS

- 320 students from 9 schools attended
- 31 colleges represented
- 24 business & industry reps
- 54% attended for the first time
- 88% now understand the education required for their career of interest

Before and After

Professional Development

Steve Dunn Writing Workshop

One of the highlights of the fall professional development was the Steve Dunn Writing Workshop.

- 58 Educators attended
- ELA, History, 2nd and 3rd grade

Dr. Dunn covered student engagement and a variety of writing strategies.

Virtual PLCs

Thanks to collaborative work with Dakota College at Bottineau Distance Education, NCEC has been able to provide a cost effective efficient avenue to continue the PLC process. A pilot program is currently in progress with 32 educators participating from Kindergarten, 1st grade, Elementary and High School Physical Education, Elementary Music, Choir, Band, and Art.

The PLCs meet bimonthly.

Starlab Adventures

NCEC Staff have put on some miles and built up some muscles toting the Starlab Dome across the region.

Students have soared to the skies and burrowed deep into the earth when the Starlab visited their school.

Students explored the human body in Body Code, traveled back in time during Earth's Wild Ride, and dug through dinosaur bones in Dinosaur Prophecy.

- 1023 students
- 9 schools

To have the Starlab visit your school please call and book.

NCEC office – 701-228-2090
