

November 2015

Three Characteristics of Effective Teachers

Teachers are extremely good
Classroom Managers

Teachers can teach to
Lesson Mastery

Teachers have **Positive Expectations** for student success

Please share your classroom management successes with us
Shelly.hoerer@k12.nd.us

Classroom Managers

1. Clearly Define Classroom Procedures
2. Rehearse Classroom Procedures
3. Reinforce procedures until they become routine

Lesson Mastery

1. What do I want the students to learn
2. What do I want the students to accomplish

When the students know what they are to learn, it becomes mastery learning, rather than mystery learning!

Positive Expectations

1. Teachers who work to achieve specific measurable goals
2. Teachers collaboratively work together to assess data for the purpose of improving practice.
